

## Statement of Intent

## Art and Design

We believe that through art and design, our children will:

- *Communicate and experiment in a creative and varied manner using a wide range of different media*
- *Become confident in experimenting and inventing their own works of art*
- *Use the language of art, craft and design when discussing, evaluating and analysing artwork*
- *Use a sketchbook to document their learning*
- *Develop their ability and nurture their talent and interests*
- *Be able to express their ideas and thoughts about the world*
- *Be respectful and tolerant of different art and artists across culture and through history*
