

## Headteacher's Message

It has been a busy few weeks at school with many exciting developments taking place. But before I share these updates with you, I want to give a huge well done to Year 6 Magenta Class for their informative and engaging class assembly all about LIGHT! It's wonderful to see how much the children are enjoying their Science topic on light and how confidently they are sharing their learning.

### Team Shields

I'm also delighted to share with you the winning team shields representing our four new teams, created as part of the children's half-term holiday homework. Congratulations to:

- **Ayyub** from Indigo Class who have designed Neverland's shield
- **Esther** from Crimson Class who has designed Narnia's shield
- **Hazeema** from Saffron Class who has designed Oz's shield
- **Ethan** from Crimson class who has designed Wonderland's shield

It was a tough decision to select only four, but these shields were chosen because they best reflect our school values and the spirit of each team. Well done to everyone who took part!

### School Improvement

As I mentioned in previous newsletters, myself and the school leadership team have been working on developing our School Development Plan. Later in this newsletter, I have summarised the key themes of the plan. Throughout the year and beyond, we will regularly review our progress to ensure we are meeting our goals. If you would like any further information, please feel free to come and speak with me.

### Library and ICT rooms

I'm delighted to announce that our new ICT suite is now fully operational. A huge thank you to Mr Davies for his hard work and expertise in relocating the old computing bays to create this fantastic new space. Additionally, we now have a well-organised, dedicated library that the children have already begun to enjoy. We hope to hold an official library opening in the coming months.

### Parents' Evening

I have sent out an additional letter regarding the arrangements for parents' evening. Please remember to enter the school through the main entrance and exit via the main school hall. I hope you enjoy visiting your child's classroom and viewing their work. I would also welcome any feedback on how we might improve the structure of our parent evenings.

Mr Adam Malin  
Headteacher

## Children in Need

We had a very successful wear your own clothes day to celebrate and raise money for Children in Need. **We raised over £195, thank you.**

It was lovely to see so many pupils come in wearing their spotty clothes! The School Council hosted an amazing assembly where they shared all the fantastic things that Children in Need is there to support.

Read Write Inc. **Phonics workshop** was held this week for our Reception and Year 1 parents and it proved to be a great success. During the session, staff explained how phonics is taught in our school and shared helpful resources to support early reading. Parents were also given practical strategies for reinforcing phonics skills at home. We are planning to hold further workshops later in the year, including sessions on phonics in Key Stage 2 and a dedicated workshop for Year 1 parents about the Phonics Screening Check. These opportunities will continue to strengthen the partnership between school and families as children progress on their reading journey. Watch this space for further information!

In addition, our Nursery recently hosted a **messy play 'Stay and Play'** session for toddlers, giving prospective parents the opportunity to explore our vibrant nursery environment. The event was a great success with siblings and new families joining in the fun and engaging activities. We are pleased to announce that further sessions will continue this term, including a Rhyme Time event for children aged 2-5 on Wednesday 3<sup>rd</sup> December from 2.15-3.15pm. We look forward to welcoming more families into our Nursery community.

## Year 6 Trip to the National Army Museum

Year 6 had the best time at the National Army Museum! The children explored fascinating exhibits, discovered new facts about military history, and even had the chance to pretend to be soldiers. From trying on uniforms to taking part in hands-on activities, the day was filled with excitement, learning, and plenty of memorable moments.

It was a brilliant experience that brought history to life, and Year 6 returned to school buzzing with enthusiasm and new knowledge.

Miss Kai & Mrs Rouf  
Year 6 Teachers

In Key Stage One, we have been very busy over the past few weeks. We have settled into a new half term and we have gone full speed ahead on our new learning. The children are loving their animal topics in science. Year 2 have been exploring microhabitats and classifying animals. Year 1 have been looking at features of different animals with a close look at pets and how to look after them!

Key Stage One have also been keen geographers this half term, labelling maps of the world in Year 2 and looking a lot closer to home with local maps and exploring the school grounds in Year 1.

We have also been gearing up for our Christmas performances!

## Family Fun Day

It was a delight to see so many families and a few new families at our Family Fun Day last weekend- I hope that you enjoyed all the activities that had been planned. A special thank you to Mrs Johnson and Ms Gray for helping with all the administration work and bookings.

Our Family Fun Day was a great opportunity to explore the Reception and Nursery classrooms, which had been set up to showcase how our children learn. If you were unable to attend and wish to view our Reception and Nursery classrooms then please do contact the school office to book onto an upcoming school tour.

**School Improvement**  
**Edward Pauling Primary School: Our Improvement Plan for 2025-2026**

At Edward Pauling Primary School, we are committed to making sure every child thrives and enjoys their learning. Here's a simple overview of what we are focusing on this year to improve our school:

**1. Better Teaching and Learning**

We are working hard to make sure all teachers use the best ways to help children learn. This includes training for teachers, using clear plans, and making sure every child, including those with additional learning needs, gets the support they need to succeed.

**2. Strong Leadership and Clear Roles**

Our school leaders and staff are working together with clear responsibilities to make the school better. We are also focusing on creating a safe and respectful environment where children can grow and feel confident.

**3. Exciting and Engaging Curriculum**

We want our curriculum to be interesting and challenging, helping children build skills step-by-step. We're improving how subjects like reading, writing, maths, and PE are taught to make learning fun and effective.

**4. Supporting Our Youngest Learners**

Our nursery and reception classes are being enhanced to provide a warm, nurturing environment where young children can develop important skills and get ready for the next stage of their education.

**5. Working Together with Parents and the Community**

We value your involvement and want to keep you informed and engaged. We will share regular updates, offer workshops to help you support your child's learning, and host events to bring our school community closer.

Thank you for being part of our school family. Together, we can help every child be resilient, respectful, ambitious, and ready for a bright future!

If you would like any further information then please do come and speak to me.

**Mr Malin**  
**Headteacher**

We appreciate the positive and respectful behavior demonstrated by all parents and carers while on school premises. Maintaining a calm and courteous environment supports the safety and wellbeing of all children, staff, and visitors. We kindly remind parents and carers to follow school protocols, communicate respectfully with staff, and model the school's values of resilience, empathy, and respect during drop-off, pick-up, and all school events.

If there are any concerns then please do come into the school office and speak to a member of the schools leadership team.

# Every day in school counts...

## and every minute counts...

To further support academic achievement, Edward Pauling Primary School has set an attendance target of 97%. We actively promote and reward excellent attendance. Please note that term-time leave is only authorised in **exceptional circumstances** and must be requested in advance.

Unauthorised term-time absences will be referred to the Local Authority, which may result in a fine. While we understand children may occasionally be too unwell to attend, all children should attend school whenever they are well enough. If your child has experienced vomiting or diarrhoea in the past 24 hours, they must stay home.

If attendance falls below our expected standard, you will be invited to meet with us to discuss any concerns and available support. Medical evidence will be required for future absences, and persistent low attendance may lead to referral to the School Attendance Support Service (SASS). For medical appointments, please arrange them outside school hours where possible; if not, please provide proof for authorisation. If your child needs to attend another school for entrance exams, please provide the invitation letter, and **only the exam time will be authorised**. We appreciate your support in helping every child reach their full potential.

If you have any concerns or need additional support, please contact us.

# BE BRIGHT, BE SEEN

## Road safety tips for all road users:

1. Wear bright or reflective clothing and accessories like vests, wristbands, bag covers, or clip-on reflectors to help others see you clearly.
2. Cyclists must use white front and red rear lights at night, along with rear and pedal reflectors. Keep them clean for maximum visibility.
3. Always use designated crossings and double check if it is safe before stepping onto the road.
4. Whether walking, cycling, or driving, stay focused on your surroundings, especially in low light or poor weather conditions.
5. Cyclists: do not cycle on footpaths unless they are designated as shared-use paths. Use cycle lanes where available.
